### EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows:

a. After paragraph [0029] was inserted:

--Figure 9 is a schematic cross sectional view showing the construction of an airbag cover according to another embodiment.--

(There is no brief description for newly added Figure 9, and as there is no support in the original disclosure for the exact shapes and sizes now shown in Figure 9, it should be stipulated that Figure 9 is for illustrative purposes only).

b. In paragraph [0025], line 2 "B-B" was changed to: --4-4--, in order to be consistent with the drawings.

c. In paragraph [0030], line 10, "B-B" was changed to: --4-4--, in order to be consistent with the drawings.

d. In paragraph [0030], line 11, "C-C" was changed to: --5-5--, in order to be consistent with the drawings.

e. In claim 17, line 2 "the" before "deployment" was deleted in order to avoid issues of antecedent basis.

2. The following is an examiner's statement of reasons for allowance: Regarding claim 21, the claim defines over the prior art including Sawada et al (Re36,898) because the reference nor any prior art does not teach, in combination with the other structure recited in the claim, a recess extending from an end of the groove varying in depth along a direction of an extension of the groove (Sawada et al's groove does not vary in depth).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

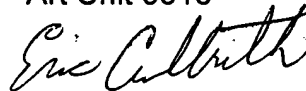

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Eric Culbreth whose telephone number is 571/272-6668. The examiner can normally be reached on Monday-Thursday, 9:00-6:30.
